(16:00 in Room 459/30b)

The Future of Scientific Publishing

Claus Ascheron

Springer–Verlag

Abstract

This presentation is given by an editor of Springer, one of the worldwide leading scientific publishers. The topics discussed are:

- Electronic Publishing
  Features of electronic publishing
  Opportunities and limits of electronic publications
  New developments in scientific publishing with respect to electronic publishing
  Will electronic publishing substitute conventional publishing?

- Pay per View
  Current and future ways

- Legal Background of Scientific Publishing
  New legal developments in various countries
  Fixed prices or floating prices?

- Open Access
  The influence of the open access movement on scientific publishing and the reactions of the publishers to it
  Will the publishers lose importance by free publications of societies and institutions?
  How expensive is open access publishing?
  What are possible new business models?

D.P.Barber (MPY), S.Khan (Univ. HH), J.Roßbach (Univ. HH) and M.Vogt (MPY).
