Summary of the Seeding Workshop at LBNL

Kirsten Hacker & Jörn Bödewadt

Uni–Dortmund & DESY

Abstract

Recently a workshop with the title "Realizing the Potential of Seeded FELs in the Soft X–Ray Regime" was organized by SLAC and LBNL. About 90 attendees from all over the world discussed the present concepts for seeding soft X–ray FELs, including HGHG, EEHG, HHG and self–seeding. Here, we give an overview about the presented talks and we will summarize the results of the discussion rounds.

NOTE THE UNUSUAL DATE

J.Roßbach (Univ. HH) and M.Vogt (MFL).
